Note: in the real Listening test you won't see the task type change after every question—it is common to see a group of about five questions for every task type.

Q. Will I have time to read the questions?

A. Yes, you will have about 15–20 seconds to go over each group of questions before listening.

Q. When do I answer?

A. Once a recording is being played you will need to answer the questions as you listen, because you will hear the recording only once.

Q. Where and how do I write the answers?

A. During the listening test write all the answers in the question booklet. Once the recording has stopped you will have 10 more minutes to transfer your answers to the answer sheet.

Please read the section 'How to Avoid Problems with Your Answers' (Page 14), to make sure none of your answers gets disqualified.
