Comments: Candidate's style of speaking is passive. However this does not have a negative impact on his band score. Pronunciation is audible and clear. He has unnecessarily repeated the question statement which adds no value to the response. Excessive explanation has been given about the profession and scope of work opportunities in Australia. This has resulted in out of task response given to the Cue-card. There was an abrupt ending. Candidate's range of vocabulary is limited and repetitive.

Suggestions: Improve your vocabulary.

Give proportionate responses to all hints in the cue card.

Bring a degree of firmness in your voice to make your speech more interesting.

There is no need to repeat cue-card questions.

Make sure you wind up the cue card in proper manner.
